The screenshot shows the SpringerLink interface for the journal 'Abdominal Imaging'. On the left, there is a navigation menu with 'Contemporary Content' expanded to show 'Volume 35' and 'Volume 34'. The main content area displays a list of articles, each with a green 'Online First' icon. The first article is 'Staging of uterine cervical carcinoma: whole-body diffusion-weighted magnetic resonance imaging' by Yun B. Chen, Chun M. Hu, Gui L. Chen, Dan Hu and Jiang Liao. The second article is 'Hepatic epithelioid hemangioendothelioma: findings at CT and MRI including preliminary observations at diffusion-weighted echo-planar imaging' by Melanie Bruegel, Daniela Muenzel, Simone Waldt, Katja Specht and Ernst J. Rummeny. The third article is 'Scrotal swelling caused by acute necrotizing pancreatitis: CT diagnosis' by Sung-Bum Kim, Bo-Kyung Jo, Seung-Hwa Lee and Sang-Hoon Cha. Each article entry includes a 'Download PDF' and 'View HTML' link, and a 'Show Summary' link.
